

Sr. No.	Device	Bug Type	Module	Descriptions	Page URL	Attachments (Screenshots / Video)	Developer Comments	QA Comments
1	Chrome Version 147.0.7727.138	Navigation / Functional Issue	Integrations	When attempting to connect via Gmail (OAuth2), a message appears stating: "Google has not verified this app," which prevents successful connection, and When trying to connect using Business Email (SMTP), we are encountering an error: "Connection failed: invalid CSRF token." Due to these issues, email functionality is not working. Although the status shows as "connected," no emails are being received on the respective email address	https://equipoexperto.com/dashboard/integrations	https://kommodo.ai/recordings/dUIb2m5XUgic9Gp69Rf?onlyRecording=1		Issue fixed
2	Chrome Version 147.0.7727.138	Functional	Integrations >> Connect Gmail OAuth2	When the user clicks on "Connect Gmail (OAuth2)" in the Integration module, a message appears stating: "Google has not verified this app."	https://equipoexperto.com/dashboard/integrations	https://kommodo.ai/recordings/wKVsQ41IQcqiPZtK8nf?onlyRecording=1		Issue fixed
3	Chrome Version 147.0.7727.138	Functional / Feature Availability	User Registration / Authentication	When the user tries to create a new account with valid credentials, the account is not created. An error message is displayed: "Failed to send verification email. Please ensure your email settings are correct." This issue blocks the user from completing the registration process.	https://equipoexperto.com/register	https://kommodo.ai/recordings/iHe42FJEKkJwT3PRXYZu?onlyRecording=1		As we have created the new account, but there is no nay confirmation message received for, verify the email directly the account is created. Video for reference :- https://kommodo.ai/recordings/aIMJEG8rXyI82wsx8D7?onlyRecording=1
4	Chrome Version 147.0.7727.138	Functional	Profile - Billing	When the user selects any plan under the Billing section, the payment card page opens with pre-filled card details. This behavior is incorrect and poses a potential security risk. Payment fields (card number, expiry, CVV, etc.) should be blank, requiring the user to manually enter their details for security and compliance.	https://equipoexperto.com/dashboard/settings	https://kommodo.ai/recordings/pGD4wGXjVlI4qNkgla mQ?onlyRecording=1		when user try to upgrade or select the any plan and click on the Upgrade with Stripe btn other page is open and when user clk on the Start 30-day trial -- €0 due today button, there is directly the plan is accessed without any payment done . Video for reference :- https://kommodo.ai/recordings/UbaQ1AXmAsOAyaXMaio9?onlyRecording=1
5	Chrome Version 147.0.7727.138	Functional	View Full Library	When the user clicks on the "View Full Library" button, it redirects to the same homepage instead of navigating to a relevant library or workflow details page. This creates confusion and breaks the expected user flow.	https://equipoexperto.com/	https://kommodo.ai/recordings/fz2nlDFGMI5O6XKCY2tG?onlyRecording=1		Updated Currently there is no any such type of button as - View Full Library is available .
6	Chrome Version 147.0.7727.138	Functional	Contact	When the user enters an invalid email address (e.g., abc@gmailcom without a "."), the system still allows the submission and proceeds instead of showing a validation error. The email field lacks proper format validation, which may lead to incorrect data and failed communication.	https://equipoexperto.com/	https://kommodo.ai/recordings/FOgASyqSDCq8zTfgRZKu?onlyRecording=1		Contact section is not working , as when try to send message this message appear as - We could not send your message right now. Please email, equipoexpertoia@gmail.com directly or try again later. https://kommodo.ai/recordings/62B2pAm2y6SNLtv4z1Sf?onlyRecording=1
7	Chrome Version 147.0.7727.138	Functional	Contact	When the user enters only spaces in the Full Name and Message fields and clicks on the "Send Message" button, the form is still submitted successfully. There is no validation to prevent empty or invalid input. Additionally, required fields are not clearly marked with an asterisk (*) or "Required" label, which creates confusion for users. Proper validation and mandatory field indicators should be implemented.	https://equipoexperto.com/	https://kommodo.ai/recordings/ooFs02VJXpNiktEgga?onlyRecording=1		Contact section is not working , as when try to send message this message appear as - We could not send your message right now. Please email, equipoexpertoia@gmail.com directly or try again later. https://kommodo.ai/recordings/62B2pAm2y6SNLtv4z1Sf?onlyRecording=1
8	Chrome Version 147.0.7727.138	Functional	Contact	When the user enters special characters and numeric values in the Full Name field , along with a valid email and message, the form is still submitted successfully. The Full Name field does not enforce proper validation to accept only alphabetic characters. This may lead to invalid or poor-quality data.	https://equipoexperto.com/	https://kommodo.ai/recordings/UJi70DC3EM6OESso9DzC?onlyRecording=1		Contact section is not working , as when try to send message this message appear as - We could not send your message right now. Please email, equipoexpertoia@gmail.com directly or try again later. https://kommodo.ai/recordings/62B2pAm2y6SNLtv4z1Sf?onlyRecording=1
9	Chrome Version 147.0.7727.138	Functional / UI	User Registration / Authentication	When the user enters only spaces in the Name, Company Name, and Password fields and clicks on the "Start Free Trial" button, the system proceeds and shows a message to verify the email (Gmail). This creates confusion about which fields are mandatory. Additionally, no inline validation messages are displayed for invalid or empty inputs, leading to poor user experience.	https://equipoexperto.com/register	https://kommodo.ai/recordings/I74mfIUVVXoFei1W8WPy?onlyRecording=1		Issue fixed
10	Chrome Version 147.0.7727.138	Functional / UI	Footer >> Logo	When the user clicks on the footer logo, no action is triggered (no redirection or navigation). Additionally, there is no "Back to Top" button available, which makes navigation less convenient for users scrolling through long pages.	https://equipoexperto.com/	https://kommodo.ai/recordings/94LISiwZwewBDqBumIut?onlyRecording=1		Issue Not Fixed

Sr. No.	Device	Bug Type	Module	Descriptions	Page URL	Attachments (Screenshots / Video)	Developer Comments	QA Comments
11	Chrome Version 147.0.7727.138, Vivo V 25	UI/ UX	Navigation Bar	The navigation bar is not properly aligned. There is a visible gap between the navigation section and the menu bar on desktop view. When the user scrolls the page up and down, the page content becomes visible within this gap, creating a broken and unprofessional UI experience. The navigation section should be properly aligned and fixed (sticky) without any spacing issues.	https://equipoexperto.com/	https://kommodo.ai/recordings/geoSxoy8UZRv8kSb6qDw?onlyRecording=1 https://drive.google.com/file/d/1qaZ4wHlwAsTRxueFeYyQRk99fTZAQhxE/view?usp=drive_link		Issue Not Fixed
12	Chrome Version 147.0.7727.138	UI/ UX	View Full Library	The content boxes labeled "Boosts Trust", "Increase Sales", and "Zero Leakage" are not properly aligned. They appear uneven (up and down) instead of being aligned in a straight horizontal line.	https://equipoexperto.com/	https://prnt.sc/XSO7lo2d82Lh		Section Updated as in previous there were written as "Boosts Trust", "Increase Sales", and "Zero Leakage" but now currently there is no any such point mentioned.
13	Chrome Version 147.0.7727.138	UI/ UX	Footer >> Contact	When the user clicks on the "Contact" option in the footer, it redirects to the top of the homepage instead of navigating to the Contact Us section.	https://equipoexperto.com/	https://kommodo.ai/recordings/CFOQeXb40RFNBsx1ZE12?onlyRecording=1		Issue Not Fixed
14	Chrome Version 147.0.7727.138	UI/ UX	Footer section	The footer text is too small and the color is light grey, making it difficult to read and less noticeable. This affects visibility and accessibility for users.	https://equipoexperto.com/	https://prnt.sc/dMVpTDjImNk9		Issue Not Fixed
15	Chrome Version 147.0.7727.138	UI/ UX	Navigation >> Language section	The language selection container box is too small. The icon and text (ES) are touching the edges of the container from both sides, making it look cramped.	https://equipoexperto.com/	https://prnt.sc/oQePRRml47qM		Issue Not Fixed
16	Chrome Version 147.0.7727.138	UI/ UX	Profile - Billing	When the user opens the Settings page and scrolls down, the "Contact Sales" button is not clearly visible. The button text only becomes visible on hover, making it difficult for users to identify the button initially. This creates a negative user experience.	https://equipoexperto.com/dashboard/settings	https://kommodo.ai/recordings/Ew7ChPIV3BwCQ42wavi?onlyRecording=1		Issue fixed
17	Chrome Version 147.0.7727.138	UI/ UX	Profile - Billing	When the user clicks on the "Contact Sales" button, a popup opens. In this popup, the "Cancel" and "Send Request" buttons are not properly aligned and appear too close to the email input container box, making the layout look cluttered and unstructured.	https://equipoexperto.com/dashboard/settings	https://kommodo.ai/recordings/t9fOqc4ca1p5sPonH8YX?onlyRecording=1		Issue Not Fixed
18	Chrome Version 147.0.7727.138	Functional / UI	Settings >> Security	When a user logs in using "Continue with Google" (OAuth login) and tries to change the password, an error message appears: "Current password did not match." This is misleading because the user does not have a local password set. Instead, a proper message should be displayed, such as informing the user that password change is not applicable for Google login or guiding them to set a password first.	https://equipoexperto.com/dashboard/settings	https://kommodo.ai/recordings/3ixXSf54Irxwn8L73L?onlyRecording=1		Issue Not Fixed
19	Chrome Version 147.0.7727.138	UI/ UX	Activity Log	In Dark Mode, the text for Channels and Status in the Activity Log is displayed in black color, making it less noticeable in the dark background. The text should be displayed in white or a lighter contrasting color to ensure proper visibility and accessibility.	https://equipoexperto.com/dashboard/logs	https://prnt.sc/85rgHtc2Wb_C		Section Updated
20	Chrome Version 147.0.7727.138	UI/ UX	Employee >> Digital employee	On the Digital Employee page, the "Pause Employee" button container is not equal in size or alignment with the Employee Profile container box. This creates an inconsistent layout and affects visual balance.	https://equipoexperto.com/dashboard/employee-gallery	https://prnt.sc/JLYykXaqMxw9		Issue fixed
21	Chrome Version 147.0.7727.138	UI/ UX	Employee >> Digital employee >> Employee Profile	When the user clicks on the Employee Profile button and scrolls down, the paragraph text is not visible due to white text on a light/white background. The text only becomes visible when the user double-clicks (selects) it, indicating a color contrast issue. Proper text color contrast should be applied to ensure readability without user interaction.	https://equipoexperto.com/dashboard/employee/capture	https://kommodo.ai/recordings/TmTqGiReUutnWQ33rAt?onlyRecording=1		Issue fixed
22	Vivo V 25	UI/ UX	Page Sections / Module Navigation	When the user clicks on any module, the page redirect to the respective section but there is extra space at the top before the header is visible. The section does not align properly below the navigation bar, creating a gap. The selected section should align correctly just below the navbar without unnecessary spacing for a smooth navigation experience.	https://equipoexperto.com/	https://drive.google.com/file/d/1NxVG3whNDIG7u6Gu1xvcnA7pEBIvgBxM/view?usp=drive_link		Issue fixed
23	Vivo V 25	UI/ UX	Leads	When the user clicks on the Leads module, the page opens but the "All Status" container box appears outside of its designated section/layout. This breaks the UI structure and makes the page look misaligned.	NA	https://prnt.sc/uwMjIGWiapQn		Issue fixed
24	Vivo V 25	UI/ UX	Leads	On the Leads page, the "Your Leads" paragraph/text is not properly aligned or adjusted within the section. as the sentence is shifted to the left side and from the right side there is unnecessary space are left need to adjust the sentence better way to have a clear UI.	NA	https://prnt.sc/S-0bYuPOddFM		Issue fixed
25	Vivo V 25	UI/ UX	Setting	On the Settings page, the "PRO PLAN" text appears in two lines instead of a single line.	NA	https://prnt.sc/oLXib-prvDkv		Issue Not Fixed
				Round -2

26	Chrome Version 147.0.7727.138	UI/ UX	Digital Employees >> Employee Profile >> Save Changes	When the user opens an employee profile in the Digital Employees section and scrolls the page, a visible gap appears below the Save Changes button. Due to this empty space, the underlying page content becomes visible while scrolling, resulting in an inconsistent and unpolished user experience.	https://equipoexperto.com/dashboard/config/lead-capture	https://kommodo.ai/recordings/8MRwfGQYMe2eRHfIX0?onlyRecording=1		
27	Chrome Version 147.0.7727.138	Functional	Contact	in the contact us page When the user attempts to send a message , the message is not delivered. Instead, the following error message is displayed: as - We could not send your message right now. Please email equipoexpertoia@gmail.com directly or try again later.	https://equipoexperto.com/	https://kommodo.ai/recordings/62B2pAm2y6SNLtv4zI5f?onlyRecording=1		
28	Chrome Version 147.0.7727.138, Vivo V 25	Functional	customer feedback >> Positive Rate	When a user submits a 5-star positive review through the QR Code, the application displays a success message confirming that the review has been submitted successfully. However, in the " Positive Rate " section on the customer feedback content does not update to reflect the newly received positive feedback. The Positive Rate percentage remains 0% even after a successful 5-star review submission. The Positive Rate should automatically increase or recalculate based on the newly submitted positive review so that the dashboard analytics accurately represent the latest feedback.	https://equipoexperto.com/dashboard/feedback	Video 1. https://kommodo.ai/recordings/RqZ4sUscHh7msSluq7f?onlyRecording=1 Video 2. https://drive.google.com/file/d/1aqdrhMBPhUwc2rEm1I-uaGmCKKspjtdZ/view?usp=drive_link		
29	Chrome Version 147.0.7727.138	Functional	customer feedback >> Actions >> send email	When an admin opens the Reply Draft popup for a customer review, clicking the Send WhatsApp button successfully opens WhatsApp in a new tab with the drafted message. However, clicking the Send Email button does not trigger any action. No email composer opens, no loading indicator is displayed, and no success or error message appears. As a result, the admin is unable to reply to customer reviews via email.	https://equipoexperto.com/dashboard/feedback	https://kommodo.ai/recordings/Fj1AapGcPw7skfcNIR7F?onlyRecording=1		
30	Chrome Version 147.0.7727.138	Functional	Overview	When a customer submits a review successfully through the QR Code, the review is received successfully and is visible in the Customer Feedback section. However, on the Dashboard → Overview page, under the Review Employee widget, all the statistics (such as Google Reviews, Total Scans, Questions Answered, Responded, Left a Review, etc.) continue to display 0. The dashboard metrics are not updated based on the latest review activity, resulting in inconsistent data between the Customer Feedback module and the Dashboard. This creates confusion for users and provides inaccurate analytics.	https://equipoexperto.com/dashboard	https://prnt.sc/DIC0IA41k56m https://drive.google.com/file/d/1aqdrhMBPhUwc2rEm1I-uaGmCKKspjtdZ/view?usp=drive_link		
31	Chrome Version 147.0.7727.138	UI/ UX	Your Leads	When the user opens the Agents status dropdown (e.g., New, Contacted, Replied, Closed), the dropdown list is displayed inconsistently. In some cases, the Closed option is partially or completely hidden beneath the bottom edge of the screen, while in other cases it is fully visible. This inconsistent behavior affects usability and may prevent users from selecting the Closed status.	https://equipoexperto.com/dashboard/leads	https://kommodo.ai/recordings/GUBx1IXGdmcyPdG0Tf?onlyRecording=1		
32	Chrome Version 147.0.7727.138	Validation / Functional	Setting >> Profile	When the user edits the Phone Number field in the Profile section and enters an invalid value containing a combination of special characters, alphabets, and numeric characters (e.g., +91abc@123, 123@abc, 98#76AB12), then clicks Save Changes, the application accepts the input and updates the profile successfully. No validation error is displayed, allowing invalid phone number data to be saved.	https://equipoexperto.com/dashboard/settings?tab=profile	https://kommodo.ai/recordings/pCksy9heyvPHJKkSz5Es?onlyRecording=1		
33	Chrome Version 147.0.7727.138	Functional	Setting >> Notifications	When the user enables or disables any notification preference using the toggle switches and then clicks the Save Preferences button, no action is triggered. The application does not display a success or error message, the updated preferences are not saved, and there is no loading indicator or confirmation. As a result, the Save Preferences button appears to be non-functional.	https://equipoexperto.com/dashboard/settings?tab=notifications	https://kommodo.ai/recordings/eMfqEEBIdgFjAlAnYaEi?onlyRecording=1		
34	Chrome Version 147.0.7727.138	Functional / UI	Follow up Agent	In the Follow-up Messages section, when the user clicks on the Your Business Name or Link placeholder/chip, the text cursor is positioned at an incorrect location within the message editor instead of at the corresponding placeholder position. This makes it difficult for users to edit or replace the intended placeholder. If the user accidentally types the business name or link at the wrong location, the message format can become incorrect, leading to inconsistent or confusing follow-up messages. Expected Result When the user clicks on the Your Business Name or Link text , the text cursor should automatically move to the exact location of that placeholder within the message editor, allowing the user to edit or replace it accurately.	https://equipoexperto.com/dashboard/config/lead-followup	https://kommodo.ai/recordings/xVFCiu8cU1I17PQZu9TW?onlyRecording=1		
35	Chrome Version 147.0.7727.138	UI/ UX	Customer feedback	When a customer submits a review through the Review Link with a long comment, the Comments column in the Customer Feedback section truncates the review text and displays an ellipsis (...). However, when the admin hovers the mouse cursor over the ellipsis or the truncated comment, no tooltip, pop-up, or expandable view is displayed to reveal the complete review. As a result, the admin cannot read the full customer feedback directly from the review list, leading to poor usability.	https://equipoexperto.com/dashboard/feedback	https://prnt.sc/qGyENG2i7e9v		
36	Chrome Version 147.0.7727.138	Usability / UI Behavior	Digital employee >> Edit	When the user clicks the Edit button, the Cancel and Save buttons become visible. However, when the user hovers the mouse cursor over the Save button, the button text blends with the hover background color, making the label difficult or impossible to read. This results in poor button visibility and negatively impacts the user experience and accessibility.	https://equipoexperto.com/dashboard/employee-gallery	https://kommodo.ai/recordings/zCd3dsqK3s0qL8aj0hh?onlyRecording=1
